Printed Planting Instructions Accompany Every Order

All orders of \$3.00 or more shipped Parcel Post or Express Prepaid. Orders amounting to less than \$3.00, include 35c extra for Parcel Post. No C.O.D. shipments. Means red tape for us and greater cost for you. We acknowledge all orders promptly giving approximate time of delivery.

These are without a doubt the most beautiful and satisfactory of all garden flowers. Hardy and so easy to grow they appeal to the amateur as well as the experienced gardener.

You will find both the new novelties for those who want the latest and also the many hundreds of exquisite kinds that are just a few years older, priced so low as to be available to the most modest purse. **All shipped to you prepaid at the proper time.** All varieties guaranteed true-to-name.

IRISES

Iris in some form are native to practically all parts of the world. As a class no flowering plant gives so much beauty for so little cost and attention. The following list of Tall Bearded Iris offers the newest and most popular varieties. Because our list is so extensive we can give only brief descriptions. Select some of these newer kinds for your garden. You and your friends will enjoy their beauty. **Shipment starts in early July.** Early reservations advised.

MONEY-SAVING COLLECTIONS

Make your selection of Iris at a Great Savings. Use the Money Saving Collecting Table at the right. Select any Iris from our large list and buy at collection prices. For example: using the rate table, three 50c varieties would be \$1.25. A savings to you of over 16%. Twelve 50c varieties are \$4.35. A savings of over 27%. Your selection may be of different varieties. These special rates apply only to Iris.

Proper Depth is Important in Planting

Peony Species

Species and Hybrids will give you a month more of Peony bloom, as they will all bloom from 10 days to 30 days before the Chinensis varieties. All have unusual foliage, color of bloom and are all low growers making them ideal for border plantings. You'll enjoy having some or all of them in your garden.

PEONIES

This type of Peony is very graceful in growth and quite different in type of flower. The flowers are single or semi-double with wide flaring petals of exquisite coloring and texture. The centers are usually a more or less compact mass of tiny petaloids, usually a color contrasting with the main petal color. Very charming color effects are found among them. Ideal for flower arrangements.

Single PEONIES

L'Etincelante

Somewhat like the Japanese Peony except center has a cushion of yellow stamens instead of petaloids. The singles open 3 to 5 days earlier than the doubles or Japanese types. As a class they are very graceful plants, holding their blooms well off the ground without support and offering very handsome subjects for flower arrangements as well as garden effect.
